YEVHEN BREDIS

PROFILE

Results-driven React Native Developer with 2 years of experience in designing, developing, and deploying high-performance mobile applications for iOS and Android platforms.

Proficient in building intuitive user interfaces and seamless cross-platform experiences using React Native, JavaScript, TypeScript, Redux, and RESTful APIs/GraphQL.

Skilled in integrating third-party libraries, optimizing app performance, and collaborating with cross-functional teams to deliver scalable, maintainable, and user-friendly applications.

Skills

- React Native
- Android
- IOS
- JavaScript
- TypeScript
- Git
- REST API
- Redux

PORTFOLIO

friendly-neighborhood.github.io/portfolio

EMPLOYMENT HISTORY

React Native Developer at Startup "Gym Assistant"

March 2023 — Present

Worked as part of a small, fast-paced team to design and develop cross-platform mobile applications using React Native, JavaScript, TypeScript, and Redux.

Integrated APIs, Firebase services, and third-party libraries to extend app capabilities while ensuring responsive and user-friendly UI and UX.

Yevhen Bredis

Contributed to code reviews, testing, and performance optimization to deliver reliable and scalable applications. Supported the full development lifecycle from concept to deployment on the App Store and Google Play.
